

# Newsletter N° 3 of Jean Jacques Velicitat Professional Actor.

February 2050

Hello Every one! Sawadee khrap!

Every month you will receive this newsletter, about my latest happenings...  
It will be a link between you and me, a way to know me better ...  
So let's have a look at January's work...

## The Professional News:

This month was quite busy.

First I spent four days in Ao Nang close to Krabi shooting a commercial.  
It was a commercial for the French car "**Peugeot**".  
The spot was produced by *Serge Thimbre* and his Production House **Taprod**.  
It was like being at home with the French team.  
It was 10 actors from many different nationalities in a parody of the Survivor Game.  
We shot in the jungle and on the island's beach; it was a lot of fun and laughs.  
I met great people, and I hope to work with them again soon.

The second great news is  
I am shooting my first Thai movie.  
It's a **FiveStar** production that is shooting  
in a old factory at Suphan Buri.  
It's an action movie named  
"**Muay Thai Chaia**" directed  
by *Kongkiat Kongsiri*  
and *Thanit Jitnukul*.  
I play a Vietnam War veteran  
named "Jack". He's the bad guy who is  
fighting against the main character played  
by *Golf Akara Amattayakul* .  
I spent two days on location rehearsing  
the fights before shooting with *Pi Mo*  
the stunt coordinator.  
For this part I spent two hours each day  
for the make up. They did a great job .  
I will finish the shooting next month .

A special thanks this month to *Roy*  
and *Tiger* for their help.
